Instructions: This log is for recording the hours you accomplish toward the completion of your Gold Award Project. Write in each activity and the time in hours and minutes that you do for your Gold Award project. Fill out the form as you go along, as you run the risk of inaccuracy if you try to reconstruct your hours at the end of your project time. In the last column, have either your Project Advisor or Troop Leader initial next to the hours you marked down. You, your leader, and your project advisor should sign the form at the bottom when you are finished.

Date	Activity – be specific, write exactly what you do	Time Spent on Activity	Initials of Adult
