Winter Activities

CAMP KAUFMANN
In the following pages you will see winter activities available to enhance your camping experience.
SURVIVAL SKILLS

Girls learn about basic survival skills including fire building, making a debris shelter, water purification techniques and more!

Survival Skills | $5 per person | 1 ½ hour | All Levels | 40 girls per session
To newcomers, camp can seem scary at night. Our staff are here to assure you that there is nothing to be scared of! Choose between a flashlight hike or a science-based experience that includes experiments and no flashlights.

| Night Hike | $3 per person | 1 hour | All Levels | 40 girls per session |
WINTER ECOLOGY HIKE

Explore the trails throughout Camp Kaufmann’s 425 acres. Learn to identify animal tracks in the snow, use a map and compass and spend some quality time in nature on a guided hike with an experienced camp staff member.

| Winter Ecology Hike | $3 per person | 1 hour | All Levels | 10 girls per session |
Once the snow starts falling, Camp Kaufmann becomes a winter wonderland! Troops can enjoy sledding and snowshoeing any time there is snow.

*If there is no snow, we will substitute a winter ecology hike for this classroom.
Ready to book? Visit our events page to reserve you space!
