Repeat this for each Girl Scout in your troop who sold via the paper Order Card.

Note the line under the Order Card is "DOC Girl Del"—this stands for "Digital Cookie Girl Delivery Orders." You do not need to input anything in this line; all of those orders will flow over from Digital Cookie into eBudde automatically. The Girl Scout's "Total Order" will now show her Order Card & Digital Cookie Girl Delivery orders combined.

Enter the amount of Booth cookies you want to add into the boxes that appear. Note you are ordering individual packages, not cases (there are 12 packages in 1 case). Click "Save" then "Okay" when finished.

Your troop is financially responsible for all Booth cookies ordered.

If you accepted any Girl Delivery orders via your Troop site, follow these instructions.

Once you have entered all of your Girl Scouts' Order Card orders, check out the last three lines on the page. They will show you the total amount of cookies your troop will receive, broken down into packages and cases.

Pkgs. Ordered	0	264	352	497	213	541	196	396	203	149	2811
Cases To Order		22	30	42	18	46	17	33	17	13	238
Extras		0	8	7	3	11	8	0	1	7	45

The very last line shows you the "extras" you'll receive. Extras exist because all Initial Order cookies must be delivered to you in full cases of 12. Your troop is responsible for selling the extras.

Once you are done inputting your Initial Order, hit the "Submit Troop IO" button. You've now submitted your Initial Order!

The rest of the delivery locations on the menu are Home Delivery Stations. Your Home Delivery Station will only appear if you filled out the [Cookie Home Delivery Form](#) (due January 21).

In order to be eligible for Home Delivery, you must have a minimum of 75 cases (900 packages) or combine with another troop in order to reach that minimum.

If you have a Home Delivery station on the list, select it and click "Submit."

The date and time of the delivery will appear as "unknown"—this is because the delivery agent will reach out to confirm the date and time.
