Pop Quiz: Are You Ready for Camp? 18-19

Dear Girl Scouts,

As we look forward to Summer 2025, we are excited to share with you the theme of our upcoming Summer Sleepaway Camp season: *Growing Together*.

Just as a tree grows stronger with time, so do we. Summer 2024 was the planting season. Together, we laid down the roots of a Summer Sleepaway Camp experience, made possible through the relentless effort and passion of our Camp Kaufmann team as well as the construction and completion of our new dining hall, Girl HQ. Now, in Summer 2025, we will focus on growing tall, reaching for the sun, and nurturing our blossoming potential. For the seeds we plant here at camp don't just sprout overnight; they take patience, persistence, and a willingness to embrace both challenge and change.

At Camp Kaufmann, we create a safe space where every Girl Scout can put down roots. Here, we foster an environment where each Girl Scout can develop the courage to step into her own potential and find her voice, the confidence to try something new and make new friends, and the character to support and uplift others in her community.

This summer, your Girl Scout will have opportunities to deepen her sense of discovery, identity, and sisterhood. Through team-building activities, outdoor adventures, leadership development, and opportunities for personal reflection, she will gain the tools needed to continue growing long after she leaves the campfire behind.

We are so excited for what's to come in 2025, and we look forward to the opportunity to continue Growing Together.

Yours in Girl Scouting,

Kristen "Mayor Fox" Glass
& the Camp Kaufmann Leadership Team

About Camp Kaufmann

Located 75 miles north of NYC in Dutchess County, Camp Kaufmann stretches over 425 acres and features a lake, pool, archery range, hiking trails, butterfly garden, greenhouse, ropes course, zipline, and so much more! Open year-round, Camp Kaufmann welcomes Girl Scouts from across New York City to learn about the outdoors as they make new friends.

Our seasonal programs include day trips, weekend overnights, and longer sleepaway stays. No matter the length of your visit, you're sure to enjoy the benefits of connecting with nature. Camp Kaufmann is owned and operated by the Girl Scouts of Greater New York and is fully accredited by the American Camp Association.

Nature Acclimation Process

As the only council that exclusively serves Girl Scouts living in a 100% urban environment, we feel a special responsibility to get our members outdoors! First time explorations into nature can be scary. Knowing this, we offer a wide variety of experiences to help acclimate Girl Scouts to the natural world. We know that when members have a better understanding of the natural world, they are more likely to care for it.

The many benefits of spending time outdoors include:

- Girl Scouts discover that they can better solve problems and overcome challenges.
- Girl Scouts develop leadership skills, build social bonds, and are happier overall.
- Girl Scouts become team players and care even more about protecting our environment.

For more information on the benefits of the outdoors, read our Girl Scout Research Institute Report: "[More Than S'mores.](#)"

Transportation

Camp officially starts at 12:00 PM on the first day of the session and ends at 11:00 AM on the last Friday of the session. There are two main options for getting your child to and from camp.

- **Option 1 – Drive to Camp:** Campers must arrive from 10:00 - 11:00 AM on the first day of the session and depart between 11:30 AM and 12:30 PM on the last day. **All cars and non-campers, including caregivers, are required to remain in the parking lot during drop-off and pick-up.** If you'd like to see the camp property, we highly recommend attending one of our Open Houses. If you are driving, please do not use the Waze app—it will take you to an address down the street.
- **Option 2 – Bus to Camp:** We offer complimentary bus rides to and from camp from convenient locations across the city. The buses will leave the city between 8:30 and 9:30 AM on the first day of the session and arrive back in the city around 1:00 or 2:00 PM on Friday (exact time will depend on location). The exact address of your bus stop will be sent to you in a confirmation email at least two weeks before your session begins. Non-campers, including caregivers, cannot accompany campers on the bus.

Food

We know that campers can work up a big appetite while they're having fun outdoors! Our staff is trained to check in on campers to ensure they stay hydrated and energized throughout the day. Any eating concerns will be reported to caregivers. We can accommodate most dietary restrictions and allergies.

At Camp Kaufmann, Girl Scouts will eat together in Girl HQ with members of their own unit. Meals may be served either family-style or buffet-style with staff being the ones to handle the food. In addition to hot options, cold options such as cereal, salads, or sandwiches will be available at every meal. Campers will also enjoy snacks and desserts!

Lodging

There is a range of lodging at Camp Kaufmann. Three-day campers will stay in our lake houses that have a large bunk room, smaller bunk rooms for supervising counselors, and two indoor bathrooms with toilets and showers. Six-day campers will stay in our outdoor units, which have 4-6 smaller cabins that sleep 6-10 Girl Scouts. These units have an outdoor bathhouse with toilets and showers.

For more information, please visit our website: <https://bit.ly/3OilGpO>

Health and Safety

Safety is always our number one priority. Camp Kaufmann has a comprehensive Safety Plan and Communicable Disease Plan. On their first day of camp, campers receive a safety talk.

All staff members are trained to follow procedures based on a variety of safety and emergency scenarios. Most camp staff are trained in First Aid and CPR and there will always be a Camp Nurse on site.

After candidates are interviewed, they are cleared through an extensive, multilevel background and reference check process. After hiring, we provide one to two weeks of staff training, covering safety, programming, routines, the Girl Scout Leadership Experience, and more! Your camper's safety is our number one priority, so we take every precaution to ensure all staff meet our rigorous standards.

Caregivers, when deciding which camp experience is right for you and your child, please include them in the decision-making process. Have your child try a backyard campout, a sleepover at a friend's house or a family camping experience. Expose your child to experiences outdoors and away from home to build their confidence.

To further help you make the right decision for sending your child to Girl Scout camp, take our camp readiness quiz! Check the answer that best describes how you feel. Add the value of each checked answer to determine your score.

Caregivers, make sure to chat with your child about the camp session theme and activities before signing up, so they're excited about what they'll be doing.
