

Fall Product 2025 Rewards Opt-Out Form Junior, Cadette, Senior, and Ambassador Troops Only

Troops consisting of Juniors, Cadettes, Seniors, and Ambassadors have the option to opt out of rewards for Fall Product Program. Troops will receive a higher troop rebate if they choose to opt out. **Multi-level troops with Daisies and Brownies are not eligible.**

In lieu of fall product rewards, your troop will receive an additional 3% per package sold during this program.

- Please discuss with your troop the implications of this decision (such as a higher rebate, in lieu of rewards). Do not coerce Girl Scouts to choose this option if they are hesitant.
- Girl Scouts in troops that opt out will be eligible for any patches earned including the personalized patch. Girl Scouts will also be eligible for the cookie crossover patch if requirements for both programs are met.
- After the Girl Scouts have made their decision, please have them initial in the chosen column below. If you are not meeting in person, please have them send you an email indicating their wish to opt out of rewards. Each participating Girl Scout listed on your troop roster must send you an email. **The decision to opt out must be unanimous.**
- Please fill out this form, then **send a copy, with the emails from the Girl Scouts in your troop (if meeting virtually) to rewardsoptout@girlscoutsnyc.org, no later than October 1st at 5:00 pm.**

Troop# _____ Level _____ Service Unit _____

Girl Scout First Name (Print)	Girl Scout Last Name (Print)	Date	Opt-Out YES (Initial)	Opt-Out NO (Initial)

I attest that each Girl Scout listed above fully understands the implications of her decision regarding the opt out process and the decision marked above is of their own volition without coercion from others.

Troop Leader Name (Print): _____

Signature: _____

Please note, this form is only to opt out of rewards for the Fall Product Program. It will not opt your troop out of rewards for the Cookie Program. In order to opt out of Cookie Rewards, you will need to complete the Cookie Program Opt-Out Form.
